## FMIS Project is Starting

On 24 December, the Minister of Economy and Finance, H.E. Dr Moniroth signed a contract with FIS – LG CNS for the supply and implementation of a MEF-wide Financial Management Information System (FMIS).

The system will be based on Oracle's PeopleSoft software and will initially be implemented in most MEF departments and all Provincial Treasuries in Cambodia over the next 2 years or so.

FIS – LG CNS will provide all hardware, software and infrastructure as part of their contract. We will also have a modern internal email system, internet access, portals and other modern facilities to streamline all financial operations within MEF.

The Project Team will be led by Mr. Maun Prathna under the management of a Financial Management Working Group (FMWG) with H.E Dr Hean Sahib as Director and Dr. Vong Bunintreavuth, Mr. Maun Prathna and Mr. Ming Bansovannachasila as Deputies.

The Contractor party of FIS – LG CNS Joint Venture will attend a Kick-Off meeting to formally commence the project on Tuesday 21<sup>st</sup> January, sponsored by the Minister and Director, FMWG.

Our project team will advise all staff of contact details and further information in future bulletins. In the meantime, see links below:
