

# Bulletin No. 44 (November)

For November 2017, FMIS Project Management Working Group (FMWG) has been assisting in conducting training on Information Technology and budget preparation, implementation, and monitoring budget in FMIS for Phase II to top management and officials from authorized budget entities (ABE) which will be held from December onward.

*Training schedule for top management and authorized budget entity*

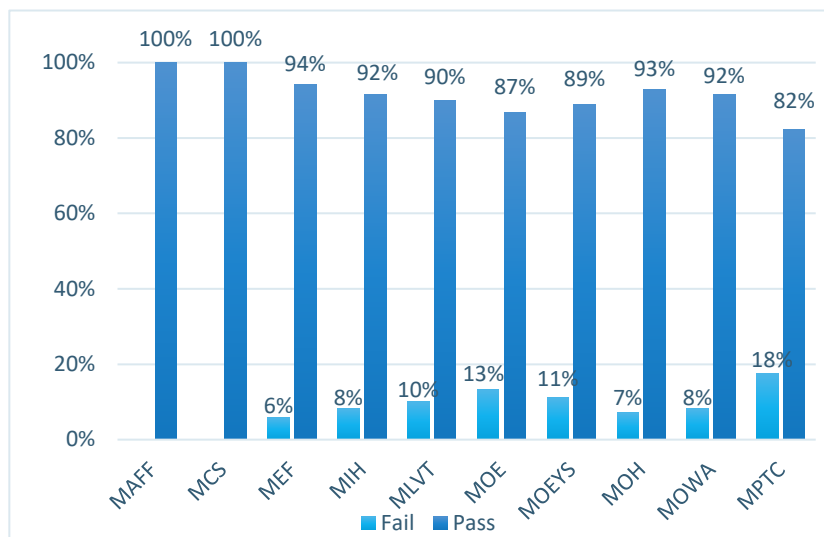

The working group has also been assisting IMF mission and will be helping on organizing FMWG retreat for 2018 management year. Besides, the working group will be continuing on the procurement for Bandwidth & Data Center serving the scope expansion to Line-Ministries.

*Progress of bidding for Bandwidth & Data Centre*

## Change Management

The working group has been updating on the website, social media and posters on the activities of FMIS as well as the progress while also having finished producing videos on workshop of the FMIS implementation progress. Capacity building team, on the other hand, starts conducting FMIS modules training to the 10 line-ministries and has evaluated the pre-post tests after the training ends while also had conducted an exit exams for the users.

Final result of user trainings to Line-Ministries

## Functional

Multi Business Units on Budget Classification has been tested with corporation from financial affairs department as well as testing the flow of the transaction on uploading budget law, adding and transferring credit for Multi Business Units on Budget Allocation modules while having finished clearing challenges especially those that were raised in Helpdesk that happened during the implementation of FMIS at key general department and the 25 capital provincial treasuries.

## Infrastructure

The working group starts installing equipment with supplier for the FMIS operation at the 10 line ministries continuously and monitor regularly on data center (and data recovery center) while having solved other challenges and the use of information technology equipment for users.

*“Working group is conducting trainings on FMIS modules and various basic courses to all users at 10 line ministries; therefore, all related individuals shall be prepared to participate in all courses accordingly.”*
